**DOMESTIC SECTION 214 APPLICATION FILED FOR THE TRANSFER OF CONTROL OF
PIEDMONT COMMUNICATIONS SERVICES, INC. AND PIEDMONT TELEPHONE
MEMBERSHIP CORPORATION TO SURRY TELEPHONE MEMBERSHIP CORPORATION**

NON-STREAMLINED PLEADING CYCLE ESTABLISHED

WC Docket No. 10-35

Comments Due: March 9, 2010

Reply Comments Due: March 16, 2010

On January 27, 2010, Piedmont Communications Services, Inc. (PCS), Piedmont Telephone Membership Corporation (PTMC), and Surry Telephone Membership Corporation (STMC) (collectively, the Applicants), filed an application pursuant to section 63.03 of the Commission's rules¹ to transfer control of PCS from PTMC to STMC. Applicants do not seek streamlined treatment for this application and closed this transaction without Commission approval on January 1, 2009.

PCS was a wholly owned subsidiary of PTMC at the time of the merger and, as a result of the merger, PCS became a wholly owned subsidiary of STMC. At the time of the merger, both PTMC and PCS provided telecommunications services only in Davidson County, North Carolina. PTMC was a local exchange carrier and its subsidiary, PCS, operated as a reseller of long distance services. STMC, a North Carolina cooperative with no ten percent or greater interest holders, is a local exchange carrier that operates in Surry and Stokes Counties in North Carolina. As a result of the merger with PTMC into STMC, STMC now also provides local exchange service in Davidson County, North Carolina. STMC had a subsidiary named Surry Telecommunications, Inc. (STI) that operated as a reseller of long distance services in Surry and Stokes Counties, until STI was merged in PCS as of July 1, 2009. PCS now operates in Davidson, Surry, and Stokes Counties in the same portions of those counties as STMC. Other than PCS, STMC has no affiliates at this time that provide telecommunication services.

¹ 47 C.F.R § 63.03; see 47 U.S.C. § 214. Applicants are also filing an application for the transfer of control of authorization for international services. Any action on this domestic section 214 application is without prejudice to Commission action on other related, pending applications. Applicants also filed a request for Special Temporary Authority (STA) for a period of sixty (60) days to allow PCS to continue to provide interstate telecommunications services pending action on this application for permanent section 214 authority. See Letter from David L. Nace to Marlene H. Dortch, Secretary, Federal Communications Commission, WC Docket 10-35 (filed Jan. 27, 2010). The Wireline Competition Bureau granted the STA request on February 23, 2010. The Applicants also filed notification of a *pro forma* assignment that occurred on July 1, 2009, when Surry Telecommunications, Inc., a domestic services reseller and subsidiary of STMC, was merged into PCS. Applicants filed a supplement to their application on February 19, 2010.

Applicants state that a grant of this application will serve the public interest, convenience, and necessity. Applicants state that the proposed transaction will have no immediate, adverse affect on the rates for service that customers currently experience. Applicants maintain that the proposed transaction will continue to provide a high quality of service and that the merger of the two companies was recommended by the Board of Directors of each company and approved by the member owners.
